RE: Reference

Dear Mr. Diament:

I am happy to provide this letter of recommendation for your use. In my opinion you and your firm provide outstanding services in the architectural field.

I have enjoyed working with you on a variety of projects over the last five years and I have always felt you provided a very thorough and well thought out design effort. The foundation of any successful project is, in fact, the design and you have demonstrated a highly developed ability to deliver good designs and successful projects.

I think the Utility billing remodel effort you performed for the City clearly showcases your skills. In general this project was innovative in design and very functional. The final result is pleasing and has been well received by the Utility Billing staff.

If I can be of any additional assistance or answer any questions, please contact me at (303) 538-7493.

Sincerely,

Jerry D. Dye
Contract Manager
