TO: Whom it may concern

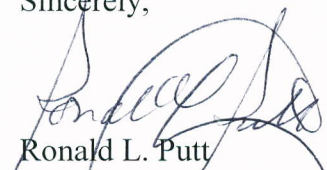

Subject: Letter of Recommendation

It is my pleasure to recommend the architectural services provided by Marc Diament Architecture PC. During the past seven years, we at Arapahoe Community College have been privileged to work with Mr. Marc Diament and his staff on four different projects. These projects consisted of two separate roofing jobs on six different buildings, the application of a high-density floor coating on the floor of our Automotive Technology garages, and the replacement of the doors and windows of our North Building and also at our indoor swimming pool.

I have worked with a number of architects and engineering organizations in my role as a facilities professional over the years, and I've found the firm of Marc Diament Architecture to among the very best in the architectural business. The staff of this company is competent, thorough, and knowledgeable. They are experienced and proficient in following the requirements and procedures set forth by the State of Colorado Office of State Buildings and Real Estate Programs.

I highly recommend this company for your next architectural project and would happy to discuss the qualifications of this firm and my experience in dealing with them. If you have any questions concerning this recommendation, please call me at 303-797-5758.

Sincerely,

Ronald L. Putt
Director of Plant Facilities
